

SERIES: WHO NEEDS GOD

Episode 4: "The God of Jesus"

If we've always assumed God to be something he's not, how can we know who he really is?

QUESTIONS

- 01**  What is your reaction to the conclusion that Christianity isn't rooted in blind faith, but in observable evidence? Do you agree or disagree?

- 02**  **God is Spirit.** In your opinion, is it plausible that God as "spaceless, timeless, and immaterial" could be the "first cause" that science is looking for?

- 03**  **God is Father.** Is it difficult for you to view God as a perfect Father? Why or why not? What is one thing in your life that might change if God became that personal to you?

- 04**  **God is Love.** Like Andy's analogy of shade requiring sun in order to exist, do you agree that evil requires good? If so, does that help explain how God, in his essence, could be love, despite the existence of evil in the world?

NOTES

BOTTOM LINE
